

**Best Western City Hotel offers 2 brand new multifunctional conference halls:** City and Sofia. The fully air-conditioned rooms were opened in the beginning of June 2004. They are separated by flexible soundproof (47 dB) partition walls, so they can be used both independently and combined to provide a meeting room with total area of 150 sq. m. seating up to 120 persons.

The **halls can be arranged in different layouts**, subject to our guests' requirements, thus providing a considerable flexibility for hosting venues with a different number of participants:
